

TURN Youth Parents:

We are rapidly approaching our Annual Canoe Trip, and are very excited about the opportunity that we have to make a positive impact on all of the youth that will be attending. There is one question that we have for you that involves our message series that we will be speaking on at the Canoe Trip.

Our message series is called “The Truth”. It will cover Evolution (what your science books don’t tell you), Abstinence (what your friends won’t tell you), and Black and White (what the scriptures have to say about living a life for God and not living in the gray area between good and not-so-good). We will have an alternate message for those parents that would prefer that their child/children not be a part of the Abstinence message. The alternate message will be on a softer topic regarding “The Truth” about following Christ. It is recommended by us that anyone in the 9th grade and up will attend the Abstinence message, because it will be showing some key truths that many of the students will be experiencing due to peer pressure in the schools. However, we wanted to give the option to you and let you make the decision if your child will be involved in the Abstinence message or not. If you have a younger child that you would like to sit in on the Abstinence message (and you approve), it will still be geared for them as well and it will cover percentages and real life questions that will be asked eventually.

We love the opportunity that we are given to assist in leading your children in the way that they should go, because we know that as they grow older they will not depart from these absolute truths.

Thank you for your time in reading this and replying (by filling out and signing this letter and returning to Turn Youth) prior to the Annual Canoe Trip. This is going to be a great event!

Blessings,

James
Youth Pastor
